QUALIFICATIONS

The qualifying equipment must be installed in an Arkansas home served with natural gas from Black Hills Energy Arkansas and must meet the following efficiencies:

TECHNOLOGY	REBATE AMOUNT
Natural gas forced-air furnaces	\$400 (95% AFUE or higher)

Rebate offer applies only to new natural gas furnaces. If the furnace being replaced is electric or is a heat pump, no rebate is available. Black Hills Energy Arkansas uses Air-Conditioning, Heating and Refrigeration Institute listings to determine the efficiency of the equipment.

If applying for units in a newly constructed home, rebates are available for NO MORE THAN 2 units per account.

If sending rebates for multiple accounts or multiple units on one account, please call to check availability of funding.

Installers are only eligible to receive their customer's rebate if the customer has assigned the rebate to the installer, and there is a discount for the full amount of the rebate shown on the final invoice.

Equipment installed under warranty replacement does not qualify for the rebate.

REQUIREMENTS

Application must be completely filled out with installation location information, purchaser information (if applicable), equipment information (including brand, complete model and serial number, installation date and AFUE rating) and installer information (if applicable). Black Hills Energy Arkansas is unable to accept applications that do not include all this information. A copy of the dated invoice or sales receipt must accompany the completed rebate application and must include the customer name, unit brand, model and serial numbers and unit cost. It is the responsibility of the account holder or purchaser to ensure that the installed equipment qualifies for the rebate. If it does not qualify, no rebate will be paid.

Black Hills Energy Arkansas reserves the right to inspect the installed equipment.

Rebate qualifications and amounts are subject to change.

The rebate application must be submitted within 90 days of installation date or within 90 days of connection of natural gas AND emailed or postmarked by December 31, 2024. To avoid delays in rebate processing, please submit your completed paperwork as soon as possible. Any applications with missing or incomplete information can jeopardize the chance of receiving rebate funds. Rebates are awarded on a first-come, first-served basis until funds are depleted.

REBATE DETAILS

Rebate amounts will be issued for equipment installed between January 1, 2024 and December 31, 2024 only. Black Hills Energy Arkansas issues cash rebates in the form of checks, not utility bill credits. Black Hills Energy Arkansas is not responsible if the installer does not provide accurate information on the rebate amount or equipment eligibility. Rebate checks will be mailed within 6-8 weeks.

APPLICATION CHECKLIST

- Dated sales invoice must include customer name, equipment brand, model and serial number and unit cost. If rebate has been assigned to the installer by the Black Hills Energy Arkansas customer, the deduction for the rebate must be shown on the invoice.
