This list is solely for the use of customers who are looking for service providers to bid on their energy efficiency project. The contractors on this list have been trained on the process to participate in the program and the documentation necessary for projects to receive incentives under the program guidelines and rules. The posting of this list in no way shall endorse any specific contractor by Black Hills Energy or CLEARResult. The customer bears the sole responsibility of review and approval of any contract or work order by any of these contractors listed, or any other contractor. Black Hills Energy or CLEARResult in no way either express or implied, warrants the workmanship, equipment or any guarantee offered by the contractor. The business arrangement is between the contractor and customer exclusively, and SourceGas or CLEARResult shall be held harmless in any disputes arising thereof. This list may be updated and modified regularly, and contractors may be added and removed from this list.
